Campus tours offered throughout the day
GUIDEBOOK

• Go to the App Store for your IPhone or mobile device - (Google Play for Android and App store for Apple).

• Search under the term CofC or College of Charleston New Student Guide (you may have to scroll down the list on an android device).
Family Information Form *(found in your packet)*

- Complete and leave the Family Information Form in the basket in the lobby give this to any orientation intern during day one of orientation.

- Door prize winners will be posted in the Stern Student Center (4\textsuperscript{th} floor) lobby during the parent breakfast on day two from 8:00-11:00am. After 1:00pm, the door prize list will be posted on the door to the Office of New Student Programs (#4 on the campus map) and prizes can be picked up from this office.
Conversations to have with your student…

• Managing time (checking email & meeting deadlines)
• Using the resources on campus
• Going to class
• Choosing a major
• Budgeting money (financial aid, tuition bills)
• Academic expectations (scholarships, GPA, minimum scholastic attainment)
• Viewing midterm and final grades
Problems

• Usually problems are temporary…give it time
• Resist the urge to rescue your student - suggest options but let them resolve their own problems
Home Sweet Home

- Avoid major changes in first six weeks
- If change is unavoidable, talk to them about it
Letting Go

- They’re already OK…
- You will be OK…
- Emotionally prepare yourself for the separation
Keep in touch, But not too much!

- E-mail or text
- Calls
- Packages
- Social Media
- Cards or notes

Helicopter parent *n.* A person who pays extremely close attention to his or her child or children, particularly at educational institutions. They rush to prevent any harm or failure from befalling them or letting them learn from their own mistakes, sometimes even contrary to the children's wishes. They are so named because, like a *helicopter*, they hover closely overhead, rarely out of reach whether their children need them or not.

Picture it…

During New Student Orientation, your student learns that their schedule is “lousy.” You know that the best time to pick up better classes is early on the “drop for non-payment” date. Classes will go quickly, so students should log on early to make schedule changes…

BUT your student is still asleep.

What is SI?

Your student says that she went to this group study thing (called “SI”) but all they did was give out a worksheet. You thought they were supposed to help them study and understand the material, but it sure doesn’t sound like SI is working.

Supplemental Instruction (SI)

• Peer-facilitated study groups linked with historically difficult courses (i.e., BIOL 111/112, CHEM 111/112, BIOL 201/202, PHIL 120, PSYC 213)

• SI leader has successfully completed the course before, attends class again, takes notes, completes homework, and offers 3 SI sessions per week

• SI Leaders help student learn
  WHAT to learn while focusing on
  HOW to learn

• Students who consistently attend SI statistically half to whole letter grade better than those who don’t.
Studying effectively?

Your student says that he/she is studying but is still not doing well in Biology 111.

Adolescent Brain Development

• Substance Use/Abuse
• Lack of Sleep
• Impact formation of healthy connections in the brain
Judgment last to develop

The area of the brain that controls “executive functions” — including weighing long-term consequences and controlling impulses — is among the last to fully mature. Brain development from childhood to adulthood:

**5-year-old brain**

*Dorsal lateral prefrontal cortex ("executive functions")*

**Preteen brain**

**Teen brain**

**20-year-old brain**

*Red/yellow: Parts of brain less fully mature*  
*Blue/purple: Parts of brain more fully mature*
