In order to help you make a smooth transition to the College, we have scheduled mandatory online orientation sessions. Before your orientation you will need to complete an online module that will be emailed to you. During orientation you will meet on Zoom with an intern small group, meet other new students virtually, meet with an advisor, and register for fall classes.

You may notice there is an orientation registration hold on your student account. This registration hold will remain on your account until you attend orientation and virtually meet with an advisor. If you do not attend a virtual orientation session, you will have to wait to register for classes until August 24, the day before fall 2020 classes begin.
The Office of New Student Programs staff - and the College of Charleston - look forward to introducing you and your family to our community while you prepare to live the life of a College of Charleston student. We wish we could meet you and your families in person, but we look forward to meeting you all virtually.

If you've taken any AP or IB tests and want to receive transfer credit, please submit your final test scores to the Office of Admissions for evaluation. You can check what the College accepts at registrar.cofc.edu/transfer/index.php

Placement Tests
FOREIGN LANGUAGE
freshmen | If you took Spanish, German, French, or Latin in high school, but have not taken a foreign language at the college level, then your placement is determined by how many years of a language you completed at the high school level.

transfer students | If you have taken a foreign language at the college level, you will be placed in the next course in sequence, in order to complete your 12-hour, general education requirement. For additional information about placement testing for foreign language, please go to orientation.cofc.edu/placement-testing.

MATH
For information about placement testing for math, please refer to the Department of Mathematics website mate.cofc.edu/placement-testing/index.php.

When you are ready, you'll type my.cofc.edu into your browser and log into your permanent MyCharleston account to complete the online registration form. It is important to log in using your permanent credentials. Remember, your permanent username is made up of letters and not numbers.
